STUDENT LISTED ABOVE. THE REASON FOR MY CHILD NOT RIDING THE BUS IS _____.

THIS PROCEDURE IS IN COMPLIANCE WITH FCSD#1 POLICY JFCD

In all extra-curricular activity programs, students will be required to ride to and from the activity in school-provided vehicles unless parents/guardians have obtained approval per the requirements in this policy to transport their children to or from a school-sanctioned activity.

If a student who has an unusual circumstance that prohibits him/her from being transported by school transportation with the rest of the group or team to an activity, the parent must complete the appropriate form and submit it to the Activity Director, principal, or designee prior to the group or team's departure to obtain approval to transport the student to the activity.

If a parent/guardian wishes to transport his/her child home after an activity, it is desired that the parent/guardian complete the form and submit it to the Activity Director, principal, or designee prior to departure on the activity trip. However, in the event a parent/guardian determines during or after the activity that he/she would like to transport the child home, then the proper form must be completed and submitted to the coach or sponsor prior to the team/group's departure to return to Lander.

In the event that a parent/guardian needs to have another responsible adult transport a student, then the parent/guardian must meet with the Activity Director or principal, explain the reason for the request, and complete the request-form in the presence of the Activity Director or principal. If this protocol is not followed, the student will not be allowed to be transported by any adult who is not a parent or guardian. (In the event of an injury, this requirement may be waived by the Activity Director or principal.)

The decision to grant or deny the request rests with the Activity Director, principal, or his/her designee.
