

# Fremont County School District #1

## WELCOME

Welcome to Fremont County School District Number One Board of Trustees' Meeting.

All regular and special meetings are open to the public, except for executive sessions. The trustees follow a written agenda, a copy of which is available to assist you in following along with the business of the meeting.

Because the Board desires to hear the viewpoints of citizens throughout the district, it shall offer suitable time at all meetings for citizens to be heard. Citizens will be limited to issues that are potential agenda items and are appropriately handled at the board level. Items that are not appropriate for potential board action will be referred to the proper district personnel. Recognizing its responsibility for proper governance of the schools and, therefore, the need to conduct its business in an orderly and efficient manner, the Board shall schedule a period during each meeting for public participation. At times, it shall set a time limit on the length of this period or a time limit for individual speakers. To achieve orderly meetings, the Board may regulate the conduct of the public and if any meeting is willfully disrupted by a person or group of persons, the Board, in accordance with law, "may order the removal of such person or group from the meeting room and continue in session or may recess the meeting and reconvene at another location." The Board chairman shall be responsible for recognizing all speakers, who shall properly identify themselves, for maintaining proper order, and for adherence to any time limit set. The Board will take matters that have the potential to be addressed at the board level under advisement. Members of the public will be recognized during the conduct of official business when in the judgment of the chairman that person offers information pertinent to the conduct of the board's business.
